very cool early in the day, became cloudy and sultry during the afternoon. News reached here to-day of "Father Bill" Daly's suspension by the Jockey Club. It was the general opinion that Lizzle's race was not the real cause for Daly's suspension. It is known that Pather's accusations to the effect that "Father Bill" had caused him to pull the late August Belmont's horses so he could buy them at a low figure, stirred up the present August Belmont to a boiling pitch.

Jimmy McCormick commented as follows: "Well, well! So they chopped off the old man's head, while all his heavy artillery was at the Spa."

M. F. Dwyer said: "I am very sorry for Daly. So far as I know, he always train his horses to win, and was always trying for some part of the purse. I didn't see Lizzle's last race, and therefore am not prepared to express an opinion. I don't think he would instruct a boy like Keefe to pull his horses. Lizzle has run about twenty races this year at all kinds of weights and distances, and won, I think, ione race. It is hard to rule a man off for a horse of that calibre."

Jimmy McCormick also said that he knew the mare was sour and rank, and would not try half the time.
